

ADAM JEZIORSKI

I REDUCE COMPLEXITY WITH ITERATIVE DESIGN
AND EMPOWERED COLLABORATION

SUMMARY

- I delivered over **21+ products** as a designer, developer or product manager
- I designed interactions and UIs for all sorts of apps, ranging from admin panels, custom editors to dev tools
- I have been building web applications with **Python/Django** and **HTML/CSS**. Currently learning React.js and SQL
- I proved myself as a **Product Owner**, Team leader, Mentor and Design Consultant

PORTFOLIO

EXPERIENCE

GE Aviation. **Staff UX Designer**. Nov 2018 – now

With product closed I decided to follow my engineering roots and help build and optimize global products

- User research and User testing
- Requirements gathering and helping PO in building and managing of the product backlog
- Prototyping and Interaction Design
- Business Intelligence with SQL and TIBCO Spotfire

CODEBEAT. **Product Owner**. June 2017 – Aug 2018

After a year of being fully absorbed with the team management, I decided to move back to actual product work. I decided to join a SAAS app to take part in building a product base on fast feedback loops

- Building and managing product backlog
- Delivering wireframes and mockups together with full development specification
- In-depth Interviews and user testing with key clients. Prototyping new features and improvements

10CLOUDS. **Head Of Design**. Feb 2015 – Jan 2017

As a most senior designer in the company I was asked to create a design team

- UX and Visual designers recruitment. Assembling the team of eleven designers from the ground up
- Managing the in-house design process and kick-start phase for all new client projects
- Requirements gathering and creation of design specification (mockups, user stories, and app flow)

10CLOUDS. **Product Manager**. Jan 2010 – Jan 2015

- Requirements gathering
- Managing the scope of the projects
- Internal and project kick-start workshops
- Product management
- Building in-house understanding of Agile and Scrum methodology
- I started to build PMO in organization. Conducted 10+ interviews

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended.

10CLOUDS. **Product Designer.** Jan 2010 – Jan 2015

- Requirements gathering and specification in the form of mockups, user stories, and app flow
- User Research (including remote)

10CLOUDS. **Frontend Developer.** Jan 2010 – Jan 2015

- Frontend development for Django applications
- I was using VirtualBox for testing and GitHub for storing code
- Kickstart the recruitment process for frontend devs. Conducted 15+ interviews

ATSA DESIGN + UX. **User Experience Engineer.** Sep 2006 – Jan 2011

- Product design & branding
- Usability audits
- Front-end and Python/Django development

Clients: WWF, PARP, Culture.pl, ZASP, Axellus, Hewlett-Packard Poland, Centrum JP2, TelePolska, MD software

ACCOMPLISHMENTS
